# NO MORE CHINESE

#### Final Action Taken by Cabinet Yesterday.

Laws Will Conform to Those of United States - One Year Permits.

At yesterday's Cabinet session the only matter fully discussed was that relating to Chinese immigration. The expected arrival of the Doric made prompt action by the Cabinet necessary, as there were a number of applicants for labor waiting approval.

It is the intention of the Government to abide by the terms of the treaty, as approved by the Hawaiian representatives. The Government keeping within the lines of the treaty. In view of this, it was decided that no applications for Chinese laborers should be approved, and that there shall be no general immigrations, except by Japanese.

In connection with the matter, there are many perplexing questions arising which require settling, and it is the wish of the Government in disposing of them to keep within the emigration laws of the United States. One of the provisions in the law is that return permits, when issued, are for one year only. This part of the law was made active in Honolulu yesterday, and those permits issued to returning Chinese by the Doric allows them to return here within one year. Hereafter the United States laws will be fully complied with in respect to immigrants. There are many Hawaiianborn Chinese now abroad, who should be allowed to return, and there is no doubt permission will be granted them. The great question with the Cabinet is regarding future applicants.

Minister Cooper is reading up the United States laws regarding immigration to ascertain which classes it affects. The Government is determined to conform, in this matter, with the laws of the United States.

Boys to Play Ball. A contest of a different sort, but as

notable as some of those in the days of the Roman Empire is promised for the near future, and unless all signs fail, it will be one of the funniest events that has ever taken place on the Honolulu ball grounds.

Lieutenant Elliott, who is an enthuslast on baseball, and Dr. Nichols, who occupies a prominent position among the tennis players, have arranged for a game of baseball between officers o the U. S. S. Philadelphia and Marior sent the challenge to Lieutenant El liott, and it was promptly accepted There will be no preliminary practice and the 1897 rules will not be enforced There may be four umpires and protests are barred.

It is the intention of the captains o the teams to make the game a great soclety event, as well as a great profes sional test. The game will take place in the near future.
